

November 1, 2021

- Participants
  - Stacy Winslow - Superintendent
  - Sarah Karpel - Supervisor of Community Relations and Engagement
  - Erik Barber - Teacher
  - Amy Starr - Parent
  - Barbara Clouser - Teacher
  - Brian Blase - Teacher
  - Denise Dhawan - Physician
  - Erick Valentin - Middle School Principal
  - Greg Hummel - Director of Food Services
  - Jason Reifsnnyder - Assistant to the Superintendent
  - Jena Funck - Elementary School Principal
  - Laura Becker - Special Education Teacher
  - Lindsay Drew - School Board President
  - Lisa Miller - Director of Safe and Supportive Schools
  - Jeff Mackneer - Teacher
  - Mark Anderson - Director of Buildings and Grounds
  - Mike Frentz - Business Manager
  - Ram Nambiar - Physician
  - Donna Cronin - School Board Member
  - Katherine English - Parent
  - Wendy Updegrove - Parent
  - Kathy Sicher - School Board Member
- Sarah gave an update on the COVID positive numbers and quarantine numbers on the website under "COVID numbers" based on feedback from the last meeting
- Erick and Jena spoke to the positive impact that spacing the desks at lunch 6 feet apart has made
- Jason Reifsnnyder explained the diagnostic testing that we will begin to implement at the schools
  - It is completely voluntary and a parent/guardian will need to sign off on the test being done and that adult will need to be present for the test
  - Families will all be notified prior to starting the test with detailed information about the program
- Mask mandate is still in effect and we have not heard of changes from the state
- Donna asked about holding a clinic for ages 5-11
  - We had so many people sign up for a potential 5-11 clinic, that we need to have more weeknight time slots after school once the vaccine is approved for ages 5-11
  - Denise Dhawan will provide nurses to help with the clinics and also offer to be present herself
  - Lindsay mentions that we are just the space to hold the clinic and the pharmacy is the one having the forms signed, providing, and administering the vaccine

- Laura Becker asked about students having sign effects the next day and overwhelming the nurses or needing to take the day off
- Amy Starr asked about the guidance between clubs and events being held virtually or in-person
  - Clubs have been meeting virtually when feasible
  - Clubs and events have been coming to the administration on a case by case basis to work through the logistics of holding events in person
- Ram Nambiar wants to commend the administration and school teams for being able to keep the schools open, aside from 1 closure despite everything going on
- If anything changes from the State, Dr. Winslow will update the team before the December meeting.
