Dear Derry Township Families,

At last night's Board of Directors meeting, the proposed Health & Safety plan was approved for implementation. Please note the important date of Tuesday, February 22, 2022 as the beginning date for the changes outlined in the plan. The approved plan is attached to this email and the presentation shown at last night's Board Meeting is linked below.

To assist families who may wish to continue masking and want a higher grade mask and are having difficulty finding KN-95 or medical grade surgical masks, they will be available for students on an as-needed basis. Your child can stop into the school's front office to obtain a mask.

The last two years have been very difficult for our schools and communities. As we move forward in a learning environment where some children will be choosing to wear masks and some will be choosing not to wear masks, it is exceedingly important that we show kindness and respect for one another's choices and family needs.

Sincerely,
Dr. Stacy Winslow
